

**EVE 486
Public Health
Project #2**

Fall 2019

Problem Topic: *Pick any topic in environmental health that was not covered by one of the teams for the project #1 assignment (clear topic with me first).*

Task:

Each team will prepare a 10-minute PowerPoint presentation elucidating its chosen topic. The presentation must include (but is not limited to) the following:

- Problem Overview
- Summary of important scientific research/literature
- Data analysis/interpretation
- Conclusions and recommendations

Teams

1. Ton-Nu, McCarthy, Riddell
2. Peña, Young, Warner
3. Dungan, Oh, Thaxton
4. Conlon, Southwick
5. **Dornisch, Wissmach**

Due Date: Wednesday, 4 December, 2018

Note: In addition to the task shown above, graduate students are required to complete and submit a 5-10 page research paper exploring the chosen topic in greater detail.
