Syllabus for BME, ECE, EVE, IDM, ISE, MAE 488, ECE 486

Engineering Design Exhibit II
Fall Semester 2005
Tuesday, Thursday 3:05PM
Room EGC 225A

Instructor: Dr. Hodge Jenkins, Assistant Professor
Department of Mechanical and Industrial Engineering

Office: Suite 101-D School of Engineering

Phone: 478-301-2831 (w)
770-474-3522 (h)

Email: jenkins_he@mercer.edu

Textbooks and Supplies:
Required: None
Recommended: None

Web Sites: http://faculty.mercer.edu/jenkins_he/egr488.htm

Catalog Description:
Continuation of Engineering Design Exhibit I. Multi-disciplinary design projects with substantial specialty-specific content. Small groups design, build, and test realistic engineering systems under faculty supervision. Projects include safety, economic, environmental, and ethical considerations and require written and oral reports.

Course Objectives: Upon successful completion of this course, you should be able to do the following:
• Work in teams
• Develop solutions to complex problems
• Prototype design realizations
• Develop test plans
• Analyze test results
• Communicate effectively to technical and general audiences in both written and oral forms

Prerequisites:
BME, ECE,EVE, IDM, ISE, MAE 487, or ECE 485

Refer to your Guide for XXX 487/488 for all other course details.
Course Standards:

1. **Assignments are due at the beginning of the class period on the date due.** In an exceptional circumstance you may petition to hand in an assignment late. If granted, the grade will be reduced one letter grade per day late.

2. **Attendance is required** due to the large amount of in-class work and team activities we will be doing. You can’t “make up” experiential learning. More than three absences will result in grade penalties.

3. **Grading** encompasses every aspect of the course, from participation through final products. You can assume that every task requested directly or indirectly factors into your grade. For example, **having your work prepared for your group is as important as having it ready for me.** Regular feedback will be given on documents handed in.

4. You are encouraged to schedule a **conference** at any point that you need it. If you need to see me, catch me after class to schedule a time or call to get on my calendar.

5. Please turn off cell phones and pagers before entering the classroom.

6. The **honor code** provisions as outlined in the *Bulletin* and in the student handbook, *The Lair*, will be assumed for everyone. It should be clear from class discussion which projects will be collaborative and which ones must be individual. When in doubt, please ask to avoid potentially embarrassing situations. Plagiarism is a violation of the honor code and is prohibited.

7. Students with a documented disability should inform the instructor at the close of the first class meeting. The instructor will refer you to the office of Student Support Services (SSS) for consultation regarding evaluation, documentation of your disability, and recommendations for accommodation, if needed. Students will receive from SSS the *Faculty Accommodation Form*. On this form SSS will identify reasonable accommodations for this class. The form must be given to the course instructor for signature and then returned to SSS.

    To take full advantage of disability services, it is recommended that students contact the Office of Student Support Services, immediately. The office is located on the third floor of the Connell Student Center.

8. This syllabus is subject to change.

Electronic Communication:

Electronic communication is an important adjunct to face-to-face communication, including from professor to students, students to professor, and students to students. You must have regular access to your e-mail. Students are required to use their Mercer assigned e-mail address for all electronic communication. Access to the Web and to the Internet is also integral to the class work. A number of laboratories on campus will provide access, in addition to ECG 102 and 216-A.

You are responsible for using the correct mailing address either to me individually, or to the class e-mail list.
COURSE E-MAIL LISTSERV INSTRUCTIONS

Note that entries are not case sensitive. Only those people subscribed to the list will be allowed to send messages to it.

To subscribe, enter the following on an email:

To: mailserv@mercer.edu
Subject: (Do not type anything here, leave blank)
Body of message:
    sub HJenkins3-L
    end

You will get a return email message confirming that you have been added to the mailing list.

To send mail to listserv, enter the following on email:

To: mailserv@mercer.edu
Subject: 488 blah blah blah

Note: make sure to include 488 in the subject line

To unsubscribe, enter the following on email:

To: mailserv@mercer.edu
Subject: (Do not type anything here, leave blank)
Body of message:
    unsub HJenkins3-L
    end

To get a list of everyone who has subscribed to the listserv:

To: mailserv@mercer.edu
Subject: (Do not type anything here, leave blank)
Body of message:
    send/list HJenkins3-L
